

TK BOSAENG GLOVE CO., LTD.

Leading manufacturer of latex rubber gloves

About Us

TK Bosaeng is Thailand's leading manufacturer of high-quality latex rubber gloves and boots. The company has been manufacturing for over 35 years.

The company initially started in South Korea before relocating to Thailand we are the market leader in Korea and now in Thailand. We enjoy an excellent global reputation for high quality, comfortable, natural and sustainable rubber products.

The purpose-built manufacturing facilities are situated close to the best rubber plantations in Thailand to ensure a continuous supply of highest quality raw materials, and Bosaeng has pioneered production processes to ensure our products are always of consistent and superior quality. The highest quality standards have been sought, and we are proud of our quality and conformity accreditations.

Expertise & Innovation

Our process in manufacturing and producing rubber gloves starts from selecting the right suppliers that can build a partnership with us to ensure that we achieve high quality with consistent results.

We have now taken our technical know-how and years of experience to launch an innovative range of our products for world wide market, from Household to Industrial activities.

The process in which we produce our gloves ensures that quality meets our standard certifications as well as customer requirements. Our gloves are repeatedly tested for tensile strength, elongation, and ageing.

With flexible and efficient production processes, TK Bosaeng Gloves Co., Ltd. can offer a range of sizes and colors to meet and exceed your requirements.

We ensure that our gloves have the right color, defect-free, reliability, comfort, elasticity and flexibility for long and comfortable repeated use. The materials used in our production process allow us to achieve unscented, comfortable, reliable and long lasting products.

We have developed an efficient World-wide logistics network that allows for speedy delivery, competitive pricing and hassle-free distribution. Our clients are truly international, operating in numerous markets, both developed and emerging, across the globe.

Competitive advantage:

- Our process in producing and manufacturing rubber gloves starts from selecting the right suppliers that can build a partnership with us to ensure that we achieve high quality with consistent results.
- Our choice in natural rubber suppliers, comes for the largest suppliers of Thai quality rubber, since Thailand provides almost 40% of world's natural rubber production.
- Our choice in polymers is advised by KTR (Korean Testing and Research Institute) to ensure that all ingredients have MSDS, and materials used in our process are non hazardous, contact safe, skin safe, meeting quality standards.
- Our factory is certified by ISO 9001:2015 for quality management along with products certifications such as
 - CE Mark (European Conformity) for meeting EU Standards;
 - US FDA 21 CFR 177.2600 (Food Handling and Food Processing)
 - KS Mark (Korean Standards) following market regulations;
 - S Mark (Anti-germ Penetration) for protection against bacteria and extra protection within food industries and other industries.
- The process in which we produce our gloves ensures that quality meets our standard certifications as well as customer requirements. Our gloves are repeatedly tested for tensile strength, elongation, and ageing.
- We ensure that our gloves have the right color, no defects, reliable, elastic, flexible, and comfortable with friendly use. The materials used in our production process allow us to achieve unscented, comfortable, and long lasting products.
- We cater to customer requests by modifying the product to their requirements and we offer competitive prices.
- TK Bosaeng Glove is committed to developing gloves of the highest quality and to maintain consistency in producing top quality products.

Our Products

We offer a comprehensive range of natural latex gloves for both industrial and domestic use through our brands 'Soson' 'Rainbow' and 'Maxpower' respectively, and we are also a major supplier of OEM rubber latex gloves and goods, where flexibility and competitively pricing are of paramount importance.

International Quality Standards

OEM Brand and Export

Household Glove

Industrial Glove

SI Series Industrial Gloves

Ideal for use

- Industrial & Heavy duty
- Danger & Hazard
- Food Production
- Finish & Aquaculture
- Construction

Features

- SUPER Protection with full arm cover (SI-12)
- For Dangerous & Hazardous job applications
- Protection against dangerous chemicals or liquids
- Protection against dangerous organisms & materials

Pattern :

Embossed pattern on the palm / beaded cuffs
